A screenshot of the Run Buddy landing page. It features a large green header with the text "Start Building Habits". Below the header is a form with fields for "Name", "Email", and "Password". A "Get Started Today" button is at the bottom right of the form. The background shows a map of the United States with green and blue shading.

Run Buddy

HTML/CSS

A screenshot of the Pastel Puzzles landing page. It has a light blue header with the text "Pastel Puzzles" and "MERN Stack". Below the header is a large image of a colorful, abstract puzzle pattern. At the bottom right is a "Get Started" button.

Pastel Puzzles

MERN Stack

A screenshot of the Calculator landing page. It shows a calculator interface with a numeric keypad, arithmetic operators (+, -, ×, ÷), and a display screen showing "0". Above the calculator is some explanatory text: "Calculator", "React/ JavaScript/CSS", and "Node.js".

Calculator

React/ JavaScript/CSS

A screenshot of the Surf Report landing page. It features a dark background with a grid of small, glowing blue dots. Overlaid on this is a teal-colored box containing the text "Surf Report" and "MERN Stack".

A screenshot of a web-based calculator application. The interface includes a numeric keypad, arithmetic operators (+, -, ×, ÷), and a display screen showing the result of a calculation. The code for the application is visible at the bottom of the page, written in React/JavaScript/CSS.

Calculator
React/ JavaScript/CSS

A screenshot of a web-based puzzle application titled "Pastel Puzzles". The interface features a large grid of colored dots and a smaller grid below it, likely for solving a logic puzzle. The code for the application is visible at the bottom of the page, written in MERN Stack.

Pastel Puzzles
MERN Stack

A screenshot of a web-based application titled "LED Wall" using Node/IoT technology. The interface displays a dynamic, colorful pattern of dots that change in a wave-like fashion across the screen, resembling an LED wall.

LED Wall
Node/IoT

A screenshot of a web-based application titled "Surf Report" using the MERN Stack. The interface shows a dark, atmospheric image of waves and surfers, with a small overlay box containing the title and stack information.

Surf Report
MERN Stack

A screenshot of a web-based application titled "Run Buddy" using HTML/CSS. The interface features a dark background with a central box containing the title and stack information, overlaid on a background image of a runner.

Run Buddy
HTML/CSS

A screenshot of a web-based application titled "Habit Building Habits" using the MERN Stack. The interface shows a dark, abstract background with a central box containing the title and stack information.

Habit Building Habits
